**ILFI**

*“A national federation of Indian businesses striving for the accelerated economic development of the country with a special focus on Industry, International Trade, Infrastructure, Investment and Services”*

2

## MISSION

To create a unique, innovative and vibrant Knowledge Platform, Advocacy Framework and Networking Mechanism specifically focused on the **synergistic development** of Infrastructure & Logistics and related Industry, Trade and Services.

### Objectives

To identify, stimulate and sustain collective synergies and growth opportunities across infrastructure & logistics and allied Industry, Trade and Services.

To bring together on a single interactive platform Business Champions, Thought Leaders, and Professional Experts for interfacing effectively with all the Stakeholders & Shareholders

To aim for quantifiable improvements in the capacities and quality of infrastructure assets and performance as well as reductions in Transaction Costs In the economy

### *ILFI's initiatives are focused on:*

## Why ILFI?

### **Demand Side Scenario**

*Industry, International Trade, Infrastructure, Investment being a major growth factors, there is a definite need for steps to raise the capacities, quality and performance in this sector to trigger accelerated economic growth.*

*A National level apex Trade Body like ILFI is imperative for acting as a rallying point for newer ideations and action.*

### **Supply side analysis**

*National level Business Federations and Industry Associations are dominated by consumers of infrastructure.*

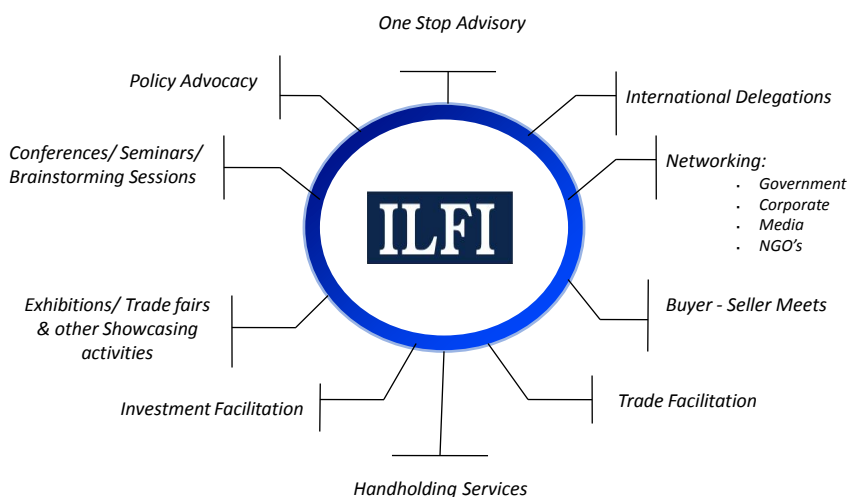

*Sector specific apex associations of infrastructure verticals have no space for collective synergies*

### **Gap**

*There is a significant gap in orchestrating the collective synergy wish list in the infrastructure sector.*

*A representative body with a comprehensive vision and capability to cater to the larger development needs of these sectors is critical.*
